Dear Sir/Madam

REF : HINDU JOB CENTRE (HJC)

The Hindu Council of Tanzania today is the apex body which represents all Hindu's in Tanzania. Since its revival in 2010, the Council have embarked on various projects and one of them has been the formation of Hindu Business Forum (HBF) with its vision of promoting inter community business integration amongst the members and the Hindu Business Community at large.

Since inception of the Forum we have been conducting meetings, symposium, conference on various topics related to taxation, business promotion, health & safety measures, insurance and others. We have planned meetings for the period 2017 – 2019 with a new elected management team and would also like to extend invitation to the constituent members to circulate information amongst their members who would wish to join the Forum.

Hindu businesses can play the below important roles whereby it can benefit itself and society:

1. Strengthening each other by exchange of business opportunity.
2. Uniting to solve challenges faced by Hindu businesses.
3. Hindu Capacity Building
4. Providing services: Job Opportunities / Business Formation / Labour information and many more.

We have now re-launched the HINDU JOB CENTRE (HJC) under the management team of HBF. The aim of HJC is to promote Job Opportunities amongst the Hindu Community by bridging the gap between employee and the employer. We are in the process of updating our database and are looking forward to receive Curriculum Vitae from your community / organisation for those who are interested in job opportunities. We would also welcome any recruitment opportunity by your member who would be looking for compatible candidate for their business operation.

We are enclosing herewith the following application form which are to be filled as per the requirement

The duly filled forms are to be sent by email to jobs@hinducounciltz.org for attention of HJC Convenor. We request your esteemed institution to kindly circulate the above information with the attached forms to your members.
